## Seminar on auriculotherapy and auriculomedicine for English speaking students

---

The method of **auriculotherapy**, which was discovered in Lyon (France), shows today a world wide development and we can see a constantly growing demand for teaching of this technique based on physiology. In order to satisfy this request, I decided to give a seminar on auriculotherapy and auriculomedicine, which will take place in **Lyon (France)**

In the period of the **9th,10th,11th,12th and the 13th of May 2011**.

The seminar will be given for English speaking students and will adress beginners in auriculo.

Those, who would like to participate to this teaching are kindly invited to subscribe to the seminar via my email adress [\*\*nogierr@club-internet.fr\*\*](mailto:nogierr@club-internet.fr) as early as possible, as for technical reasons, we can accept only a limited number of students.

Doctor Raphaël Nogier  
Lyon, France
